

# TV/Cable/Internet Installation Policy

*These rules apply to the installation of exterior cabling on your residence.*

Address: Property Address, Roanoke, VA 24011  
Tenant: Tenant Name

1. Any new cabling is to be limited to one exterior penetration.
2. Any pre-existing cabling that is disconnected or cut - needs to be permanently removed.
3. Any cabling inside the home needs to be hidden within the walls or run in the attic/crawl spaces so as not to detract from the aesthetic of the property.

**Please note that an extensive picture set of the property was taken. If you are found to violate the policies above, you will be charged the cost of restoring the property to its original condition.**
